

David F. Cuda

President & Chief Operating Officer

David Cuda brings corporate banking, construction and economic development experience to the table for our clients. David's unique background includes seven years as Vice President of Bank of America's South Carolina Economic Development area, six years as Vice President of Marketing for Shelco General Contractors, South Carolina Operations, and four years as Vice President with Holmes Smith Developments. In these roles, David has been active in economic development initiatives to include the formation of The Upstate Alliance.
