

# C. Douglas West, LEED AP

Senior Vice President of Construction

*Doug West has over 15 years of commercial, industrial, retail and healthcare-related construction experience, most recently with Shelco General Contractors. He is known for his ability to take a customer's concept and define it from an economic perspective. His ability to integrate the technical aspects of a project with practical pricing realities during preconstruction gives Red Rock clients an advantage most development companies cannot offer.*

Red Rock Developments, LLC  
1901 Main Street • Suite 1150  
Columbia, SC 29201
